 - Projects and partnerships (Erasmus+)
 - Academics/researchers/students
 - Stakeholders
 - Policymakers
 - Media professionals

...that uses EPALE to continue learning

- The three main reasons for visiting EPALE are:
 - Finding practical information relevant to my job
 - Getting the latest sector news

- Other reasons are:
 - Networking
 - Finding policy papers
 - Promoting my organisation
 - Taking part in online discussions

I really like to learn, and for me the EPALE platform is a source of knowledge that cannot be overestimated. Thanks to EPALE, I have access to valuable publications, training materials, research results, reports, and good practices.
