

Key competences for lifelong learning

A comprehensive overview of the most important tools for lifelong learning in a distance-learning environment, taking inspiration from the *Council Recommendation on Key Competences for Lifelong Learning* adopted by The European Council.

Digital Skills 4 ALL: practical tools for basic skills adult education

An e-learning platform developed as part of the Erasmus+ project *Digital Skills 4 ALL* which aims to provide guidance and training for adult educators across Europe on how to use ICT tools and digital methods to better deliver basic skills adult education.

CAnVASS+ video editor

Developed as part of the Erasmus+ project *CAnVASS+*, this video editor allows teachers and trainers to create customised multimedia e-learning lessons. The project's resources also include a toolkit of good practices.

A guide to quality in online teaching and learning

Publication conceived as a "textbook" for online educators, providing guidelines, methodologies and case studies, published by the Flexible Education Norway in 2017 and translated into English.

A handbook to use storytelling techniques in digital environments

Developed as part of the Erasmus+ project *Our Voices*, the Digital Curator Toolkit shows educators how to create e-learning content using storytelling techniques.

Overview of teaching and learning opportunities

An exploration of online opportunities to support learning providers to manage, plan, deliver and track the learning process – including software, Apps, digital learning management systems, communication tools and e-learning platforms.

Benefits and challenges of online learning

A series of blog posts and podcasts reflecting on the pros and cons of online learning.
