How do we work together?

- Ambassadors are subcontracted
- Individual contracts based on output
- Three meetings a year
- Regular e-mailcontact

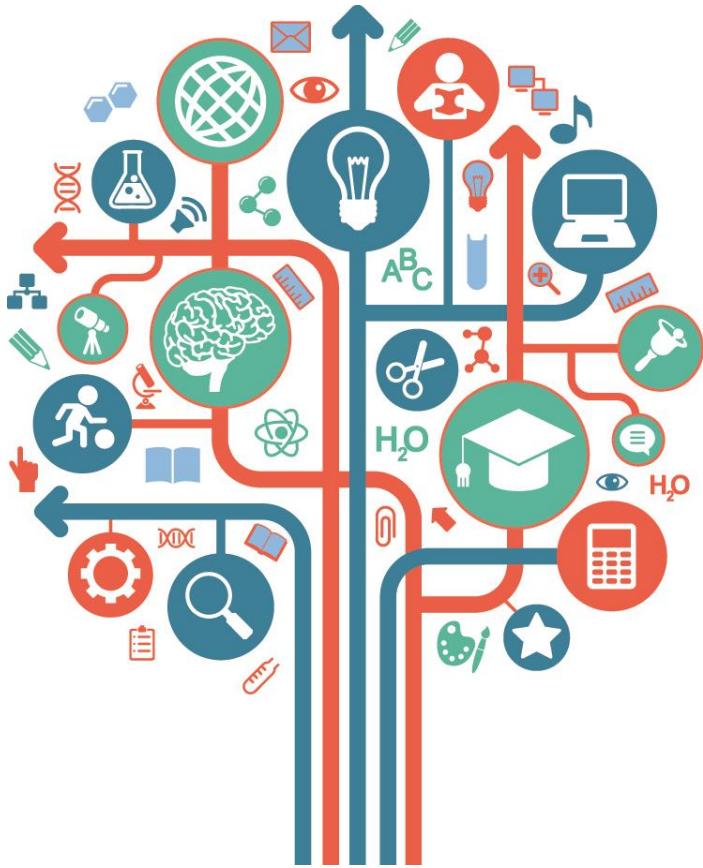

With the support of the Erasmus+ Programme of the European Union

And this is why we continue like this...

Ambassadors:

- are experts in certain subthemes, f.e. transformative learning, role of libraries, employability
- add different angles to EPALE (research, managing, teaching, developing)
- know what content is relevant, interesting and needed within their network/subtheme
- are the advisory board for the NSS
- help the NSS in promoting EPALE in a personal way
- can be very critical
- are everywhere!

Thank you for your attention
